// STYLING //

When it comes to styling, we love creating the perfect aesthetic for you! There are three main types of styling we offer:

Fresh floral styling

(using seasonal fresh flowers such as natives, roses, dahlias, scabiosa, etc and greenery)

LOADED styling

(using chocolate wheels, berries, flower petals and choc shards – essentially more cake on your cake!)

Simple styling

(using a mixture of berries and choc shards or berries and flower petals)

***** Please note ** We source our flowers from local flower farmers in the Adelaide hills. While we always aim to source your requested styles and colour palettes for the cake styling, we are also subject to the seasonal nature of flowers and their availability.***
